The Workforce Development Council is sponsoring a series of workshops aimed at helping employers manage and develop a strong, effective workforce within their companies and businesses.

The Workforce Management Series will be presented by Dan Sinas, Vice President of Human Relations of The PR Companies, a prominent expert in the field of Workforce Management and published author. Mr. Sinas was the guest speaker at the Chamber Membership Luncheon held earlier this year.

The first session, entitled, "Recruiting, Interviewing, and Selecting Top Talent", will be September 9th, 11:00AM until 1:30PM at Po Folks Restaurant. The fee for the workshop is \$30 which includes lunch.

Part 2 in the series, "Staying Compliant in a Highly Regulated Workplace", will be October 20th, and part 3, "Performance Management: How to Eject Weak Performers and Develop and Retain Top Talent" will be November 16th. The location of these workshops has not yet been determined. Please call the Chamber office to reserve your tickets for these events.
