WHY LEADERSHIP COFFEE COUNTY?

Leadership Coffee County (LCC) is a dynamic program of the Enterprise Chamber of Commerce and is designed to enhance the skills, connections, and knowledge of emerging and established leaders, enabling them to better serve in our communities, workplaces, and organizations.

WHAT WILL YOU GAIN?

Leadership Coffee County provides an interactive learning experience that offers valuable insight and a deeper perspective of the issues that impact our area's economic prosperity and quality of life. Participants experience the realities, opportunities, and challenges of the greater Enterprise area. Sessions move to various locations throughout Coffee County to provide participants with a unique opportunity to explore various sectors that play an integral role in our community such as government, economic development, public safety, and education through a series of tours, panels, and speakers. LCC fosters and builds lasting professional and business contacts that will benefit you and your employees now and in the future. It is a proven learning experience for established businesses and rising community leaders.
