

# COMMUNITY IMPACT GRANT 2025 Grant Application

Leadership Coffee County, a program provided by the Enterprise Chamber of Commerce, is designed to foster the growth and development of leadership skills amongst our local area professionals. Throughout the course of this program, participants spend the year networking throughout the community, practicing teamwork and communication building skills, increasing knowledge of the local area and improving leadership abilities. One of the requirements of this program is to plan and execute a class project that raises funds to help fulfill a need for a local nonprofit organization or to complete a community project that will have lasting effects and serve the local community.

The Community Impact Grant Application offers an opportunity to evaluate the needs of our local community. The selection committee, in collaboration with the Leadership Coffee County Class of 2025, will review each application, taking into account the identified needs, available resources, potential fundraising opportunities, and the feasibility of implementing a successful project.

\*Please note that grant funds may not be used for operational costs, and requests cannot exceed \$5,000. All funds must be utilized within one year from the date they are presented to the organization or group by the Leadership Coffee County class.

Kindly submit the required information by Monday, February 10, 2025. \*If additional space is needed, please submit on organizational letterhead with application (max of 2 additional pages).
