

Innovative Teaching Project Grant Application

The Workforce & Education Partnership Team, a division of the Enterprise Chamber of Commerce, in coordination with the Enterprise Area Chamber Foundation, has voted to award innovative teaching project grants in amounts up to \$2,500 annually. These grants are based on creative, inventive, and original projects to promote innovative activities to motivate students and to improve the teaching and learning process.

An innovative teaching project is one that emphasizes student engagement and development. Projects should contain original and innovative ideas, involve significant numbers of students, and have an impact that continues over time. Examples of Past Projects Awards: Multi-Sensory Room for Special Needs, Aero Garden with Bee Pollinator Wands, 3-D Braille puzzles, Work-Simulation Program with Interactive Grocery Store, etc.

As part of your application please provide the requested information below:

Do you have permission from your Principal to proceed with this project if provided the funds? _____

ADDITIONAL INFORMATION

Please provide the following information and submit with this cover page:

1. Provide an overview of the project or program that you are hoping to complete in your classroom should you be awarded the materials you are applying for (*between 150 – 300 words*).
2. In a two-column table, list the items you want to purchase and their approximate cost. Include a total cost at the bottom of the table. Include any additional funding resources contributed to this project, if applicable. Please remember, we will only provide a maximum of \$2,500.
3. Describe in detail what led you to seek funding. Include information about the specific needs of your students, class, school, and/or community. Also include if you considered any research (*150 words max*).
4. Describe in detail how the program, project, or materials will be used and implemented. Include information on lessons, unit overviews, additional people involved and timelines as necessary (*150 words max*).
5. Describe in detail the impact that the purchased materials will have on current and/or future students, Enterprise City School system, and the community. Include information on specific benefits you hope to see and how you will be able to judge the success of this project/program (*between 300 -500 words*).
6. Provide an estimated timeline of completion and expected presentation of final product (*150 words max*).

Please submit all grant requests to the Enterprise Chamber of Commerce at: chamber@enterprisealabama.com or mail to: 553 Glover Ave, Enterprise, AL 36330. Grants will be awarded in May of each year; therefore, all applications must be submitted **NLT 31 March**. All grants will be awarded based on number of applications, ranking and dollar amounts respectively.
